Simon Conway

Simon is a very proud citizen of the United States! He started working as a journalist in 1976 when, at the tender age of 16, he got a job with the Jerusalem Post. Simon is also a guest host for talk radio stations around the country.

Simon's conservative outlook was forged in his native UK, where he experienced the considerable downsides of European-style socialism. He has a unique insight into health care and all the other trappings of a socialist society because he's lived through it.
